The Ancient City at Samut Prakan allow you learn through traveling, here we also have a strong sense of social responsibility, we try our best to incorporate the local community into our works. Inside the Ancient City itself, we had created a natural scenic oasis in the middle of heavily industrialized area. The best representation of how Thai people lived once before was preserved in the park environment and its architectures.

Our doors open to the heritage of Thai wisdom. With a wide range of architectural symbols combined with fine arts and craftsmanship, structural layout and natural environment that integrate harmoniously, The Ancient City creates kind of atmosphere that induces visitors to perceive and appreciate the continuity of history, cultures, religions, arts and customs of Thai people from then until now.

Just a visit to the Ancient City is comparable to a Thailand-round journey within a day. The layout preserves the pattern of traditional Thai lifestyles, which is hard to behold in the modern Thailand.
